

City of St. Louis — 2009

1) Interstate 64 from Kingshighway to Interstate 170. All lanes of I-64 and several interchanges are closed for I-64 reconstruction work. Work will be around the clock, and includes work on interchanges and overpasses. Work runs from December 2008 to late 2009. Drivers are encouraged to use I-70 and I-44 as alternate routes. Construction that significantly impacts cross traffic includes the Hampton Bridge and ramps closed from September 2008 to July 2009. (Phases of this project are in the City of St. Louis and St. Louis County).

2) Interstate 64 at Hampton. Hampton Bridge and I-64 ramps closed for I-64 reconstruction work. Work continues through July 2009. One lane on Hampton over I-64 will be open in both directions by Memorial Day 2009. All lanes on Hampton Bridge over I-64 open in both directions by July 4, 2009.

3) Interstate 70 at the Broadway-Cole Street Viaduct. Crews will seal the deck, paint the outside girders and clean out drains. Work runs from summer to fall 2009.

4) Route H at Adelaide. This project will remove and replace bridge deck. Drivers can expect lane closures and permanent restrictions from fall 2009 to fall 2010.

5) Interstate 44 and Southwest Improvement. Add new left turn lane to provide access to eastbound Interstate 44 for all traffic on Southwest Avenue. Work runs from summer to fall 2009.

6) Interstate 70, Poplar Street Bridge to I-44/55. Crews will install median barrier, signs, guardrail and curbs between winter and summer 2010. This area will get extremely congested, especially during morning and evening peak traffic periods.

7) Interstate 55. Work includes deck rehabilitation on seven bridges, sidewalk improvements. Drivers can expect lane closures and permanent restrictions from spring 2009 to winter 2010.

8) Interstate 44 at Arsenal. Project will replace the bridge deck. Drivers can expect lane closures and restrictions between winter 2010 to summer 2010.

9) Interstate 64, Taylor to Vandeventer. This project will overlay pavement and install guardrail. A separate project will perform structural repairs on Vandeventer. Drivers can expect lane closures and permanent restrictions from summer 2009 to winter 2010.

10) Interstate 70 outer road (Memorial Drive) from Poplar Street Bridge to Washington Avenue. This project will mill and replace pavement, fix drainage, improve sidewalk ramps to Americans with Disabilities Act standards and paint sign and signal poles along Memorial Drive. Work runs from summer 2009 to summer 2010 and will impact downtown St. Louis drivers daily.
